

Candidate Care Philosophy

Our Candidate Care Philosophy

At Trans Mountain we take the safety of all our team members and candidates very seriously. As we navigate the COVID-19 crisis, we are taking steps to ensure our candidates and our communities are not compromised in any way.

As a result, we are temporarily suspending all in-person interviews until further notice. We are in the process of implementing a technology solution that will enable virtual interviews which will allow Trans Mountain to adhere to both the Provincial and Municipal guidelines around *social distancing*.

We remain committed to all of our hiring practices at Trans Mountain. We are only making temporary changes to the interview part of our recruitment process. We are still actively recruiting new team members. During this transition, our team of highly skilled Talent Management professionals will continue to support candidates through our established recruitment process with adjusted measures to keep every body safe.

We invite you to monitor our website regularly, for exciting and rewarding opportunities to join the Trans Mountain team.

Visit our [Careers Page](#) for current opportunities.

Thank you for your patience and understanding during this temporary change in process.
