

Construction activity related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Go to [transmountain.com/socio-economic-reports](https://transmountain.com/socio-economic-reports) to view the complete Socio-Economic Monitoring Report for this region.

Vehicle Incidents **0**

## Public Inquiries\* and Responses\*\*

Trans Mountain will follow up on any complaints related to operations and construction.

Total Number  
of Inquiries  
for this Quarter

Worker  
Conduct

### Off-Duty Worker Language

Trans Mountain has followed up with the contractor regarding the importance and expectation of good worker conduct when off duty. All contractors are required to have and enforce a worker code of conduct.

Sensory  
Disturbances

### Noise, Vibration from Trucks

Trans Mountain will follow up on noise/vibration and traffic-related complaints to confirm their relation to Project activity. The contractor's Traffic Management Plan addresses public protection measures, access roads/routes to the construction site and Traffic Control Plans for each work zone, while considering potential impacts with mitigation.

\*Data in this report is reflective of activities specific to construction of the Trans Mountain Expansion Project. Data does not reflect Trans Mountain's ongoing operations and maintenance activities.
