

Construction activity related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Go to [transmountain.com/socio-economic-reports](https://transmountain.com/socio-economic-reports) to view the complete Socio-Economic Monitoring Report for this region.

Vehicle Incidents **2**

## Public Inquiries\* and Responses\*\*

Trans Mountain will follow up on any complaints related to operations and construction.

Total Number  
of Inquiries  
for this Quarter

Worker  
Conduct

### Alleged Off-Duty Drug Use

Trans Mountain followed up with the Contractor to confirm the noted individuals were questioned and requested to be subject to fit for duty drug and alcohol testing if deemed necessary. All contractors are required to adhere to the TMEP drug and alcohol policy.

Sensory  
Disturbances

### Blackpool Pump Station Noise

Trans Mountain follows up on sensory disturbance complaints to confirm their relation to Project activity. In this case, noise was stemming from focused activity of sheet piling. Trans Mountain confirmed the specific activity would be complete in early September.

### Lights from Valemount Yard

The lighting was adjusted at Valemount Yard to correct the impact on the neighbour.
