

**Construction related to the Trans Mountain Expansion Project is underway in your region.**

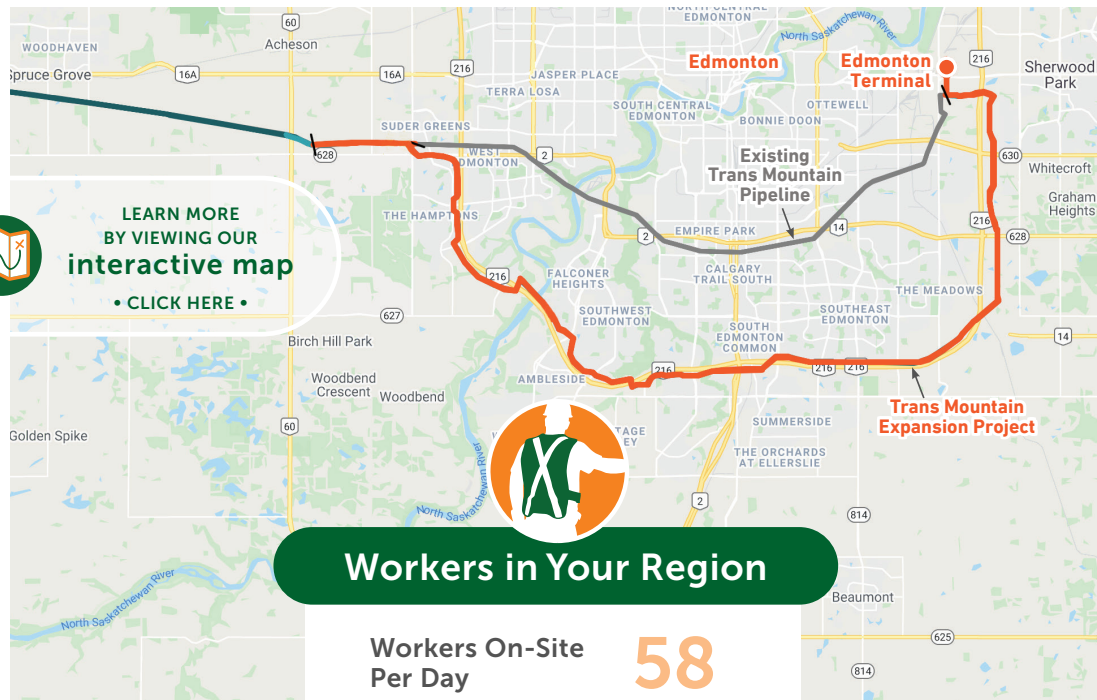

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

## Construction Inquiries and Topics\*

Trans Mountain is committed to  
addressing any complaints related  
to operations and construction.

Total number  
for this Quarter

Sensory  
Disturbances

### Project-related noise coming from a light tower.

Trans Mountain is working to ensure compliance with bylaws and requirements. Trans Mountain will work with stakeholders to resolve and address such complaints where practical. Trans Mountain advised that the tower must stay in the area until construction is complete, however, it was moved further from the residence.

\* Socio-economic topics only. Data in this report is reflective of activities specific to active construction of the Trans Mountain Expansion Project. Data does not reflect Trans Mountain's ongoing operations and maintenance or inquiries related to future construction activities.

† Inquiries from same individual/household on same topic are considered same inquiry. May be multiple inquiries on similar theme.
