

Construction activity related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Go to [transmountain.com/socio-economic-reports](https://transmountain.com/socio-economic-reports) to view the complete Socio-Economic Monitoring Report for this region.

## Public Inquiries\* and Responses\*\*

Trans Mountain will address any complaints related to operations and construction.

Total Number  
of Inquiries/Topics  
for this Quarter

Sensory  
Disturbances

### Noise from Horizontal Directional Drill (HDD) in Kamloops

Trans Mountain addressed noise complaints related to after hours work required to complete the HDD of the Thompson River. Trans Mountain agreed to modify noise activity between 7 am and 10 pm for the completion of the HDD. No further noise complaints were received.

### Lighting at the Cando Stockpile Site along Mission Flats Road shining into oncoming traffic

Trans Mountain will follow up on light complaints received to confirm their relation to Project activity. Trans Mountain will work with stakeholders to resolve and address such complaints where practical. In this instance, the lights were redirected and the issue was resolved.

### Truck bypassing brake check on Summit Drive in Kamloops

Trans Mountain will continue to follow up on traffic-related concerns to confirm their relation to Project activity. The brake check signage was obscured by unrelated construction signage. Trans Mountain and its contractors have reinforced the requirement to obey road-use requirements.

### Project-related trucks speeding on Westsyde Road

Trans Mountain will continue to follow up on traffic-related concerns to confirm their relation to Project activity. Trans Mountain and its contractors have reinforced the requirement to obey posted speed limits.
