Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Construction Inquiries and Topics

Trans Mountain is committed to addressing any complaints related to operations and construction.

**Total number for this Quarter**

![Pencil](image)

3

*Socio-economic topics related to community impacts only. Data in this report is reflective of activities specific to active construction of the Trans Mountain Expansion Project. Data does not reflect Trans Mountain’s ongoing operations and maintenance or inquiries related to future construction activities.

† Inquiries from same individual/household on same topic are considered same inquiry. May be multiple inquiries on similar theme.

**Sensory Disturbances**

Edmonton and Rosenthal residents feedback about noise and light.

Trans Mountain is working to ensure compliance with bylaws and requirements. Trans Mountain will work with stakeholders to resolve and address such complaints where practical. Concerns are forwarded to the contractor to engage directly with the resident.

**Traffic**

Parkland county resident feedback about Project vehicles impacting private sign and driveway.

Contractors have a Traffic Management Plan addressing public protection measures and Traffic Control Plans for each work zone. In this instance, the contractor followed up with the resident directly.
