

Construction related to the Trans Mountain Expansion Project is underway in your region.

Trans Mountain and its contractors make it a top priority to protect our workers and communities by following government and company health and safety measures as construction continues.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

* Personal vehicles. Vehicle numbers based on average of mid- and end-of-month counts.

Construction Inquiries and Topics*

Trans Mountain is committed to addressing any complaints related to operations and construction.

Total number for this Quarter

Environmental Concerns

Complaint about reclamation in Hope.

Trans Mountain follows up on community concerns related to reclamation environmental issues. Environmental mitigation measures are outlined in Project Environmental Protection Plans. In this instance, a Land Agent was sent to investigate.

Sensory Disturbances

Vibration in homes on Kettle Valley Road and Kawakwa Lake Road. Dust and mud in Hope area.

Trans Mountain works with stakeholders to resolve and address such complaints where practical. Trans Mountain is working to ensure compliance with bylaws and requirements. All damage claims are investigated.

Traffic/Driving

Parking on residential street in Hope; vehicle traffic, speed and dump truck without cover in Hope.

Contractors have a Traffic Management Plan that addresses public protection measures, access roads/routes to the construction site and Traffic Control Plans for each work zone, which consider potential impacts with mitigation. Trans Mountain follows up with the contractor to ensure traffic-related requirements are being met. Each complaint is examined to provide additional information and/or appropriate followup. In these instances, Trans Mountain followed up with contractors.

* Socio-economic topics related to community impacts only. Data in this report is reflective of activities specific to active construction of the Trans Mountain Expansion Project. Data does not reflect Trans Mountain's ongoing operations and maintenance or inquiries related to future construction activities.

† Inquiries from same individual/household on same topic are considered same inquiry. May be multiple inquiries on similar theme.

HEALTH AND SAFETY IS A SHARED RESPONSIBILITY.
