

Construction related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Construction Inquiries and Topics*

Trans Mountain is committed to
addressing any complaints related
to operations and construction.

Total number
for this Quarter

* Socio-economic topics related
to community impacts only.
Data in this report is reflective of
activities specific to active
construction of the Trans Mountain
Expansion Project. Data does not
reflect Trans Mountain's ongoing
operations and maintenance or
inquiries related to future
construction activities.

† Inquiries from same individual/
household on same topic are
considered same inquiry. May be
multiple inquiries on similar theme.

Worker
Conduct

Worker evicted from hotel due to alcohol-related conduct.

Trans Mountain reached out to the hotel manager for further information
to investigate appropriate disciplinary actions.

Sensory
Disturbances

**Cheam Road residents complained about the noise related
to port-a-potties being serviced early in the morning and
about fumes from idling Project-related vehicles.**

Trans Mountain is working to ensure compliance with bylaws and
requirements. Trans Mountain will work with stakeholders to resolve
and address such complaints where practical. Trans Mountain has
advised the port-a-potty company to move servicing to later in
the day. Trans Mountain has advised workers to move away from
homes while taking warm-up breaks in their vehicles.
