

Construction related to the Trans Mountain Expansion Project is underway in your region.

Trans Mountain and its contractors make it a top priority to protect our workers and communities by following government and company health and safety measures as construction continues.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Vehicles Parked in Staging Area\*  
(Daily Average)

910

\* Personal vehicles. Vehicle numbers based on average of mid- and end-of-month counts.

Workers Transported from Staging Area to Job Site  
(Daily Average)

942

# Construction Inquiries and Topics\*

Trans Mountain is committed to addressing any complaints related to operations and construction.

Total number for this Quarter

Traffic/  
Business  
Disruption

**Project-related driving conduct, road conditions (e.g., bumps, mud), signage and signage visibility, road closures in various areas of Abbotsford and Chilliwack.**

Contractors have a Traffic Management Plan that addresses public protection measures, access roads/routes to the construction site and Traffic Control Plans for each work zone that consider potential impacts with mitigation. Trans Mountain follows up with the contractor to ensure requirements are met. Each complaint is examined to provide additional information and/or appropriate followup. Examples of responses include reminding crews about the importance of obeying traffic laws and being a good neighbour, fixing road conditions and improving signage visibility.

\* Socio-economic topics related to community impacts only. Data in this report is reflective of activities specific to active construction of the Trans Mountain Expansion Project. Data does not reflect Trans Mountain's ongoing operations and maintenance or inquiries related to future construction activities.

† Inquiries from same individual/household on same topic are considered same inquiry. May be multiple inquiries on similar theme.

# Construction Inquiries and Topics\*

Trans Mountain is committed to addressing any complaints related to operations and construction.

Sensory Disturbances

**Noise and dust from Project-related construction and vehicles in Abbotsford; Project-related noise, dust and vibration in Chilliwack; noise at night in Abbotsford and near Sumas Terminal.**

Trans Mountain is working to ensure compliance with bylaws and requirements. Trans Mountain works with stakeholders to resolve and address such complaints where practical. Each complaint is examined to provide additional information and/or appropriate followup.

Access

**Complaint about a road closure in Abbotsford; alleged damage to driveway limiting access in Abbotsford.**

Each complaint is examined to provide additional information and/or appropriate followup. Damage complaints are investigated. The temporary closure on Townshipline Rd. was due to a diesel spill by a contractor and was cleaned up.

Environmental Concerns

**Concern about dry well in Yarrow; Chilliwack resident concern about water pressure and residue in water.**

Environmental mitigation measures are outlined in Project Environmental Protection Plans. Regarding the report of a well running dry in Yarrow, Trans Mountain was rerouting water near this location and followed up on this complaint. Regarding the residue in water, Trans Mountain worked directly with the stakeholder to resolve the concern.

Property Damage

**Abbotsford neighbour concerned about potholes on property. Flooding of properties in Abbotsford and Chilliwack.**

Damage claims are investigated. Regarding property flooding, Trans Mountain conducted an assessment and is working with the stakeholder to resolve.

HEALTH AND SAFETY IS A SHARED RESPONSIBILITY.
