

Construction related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

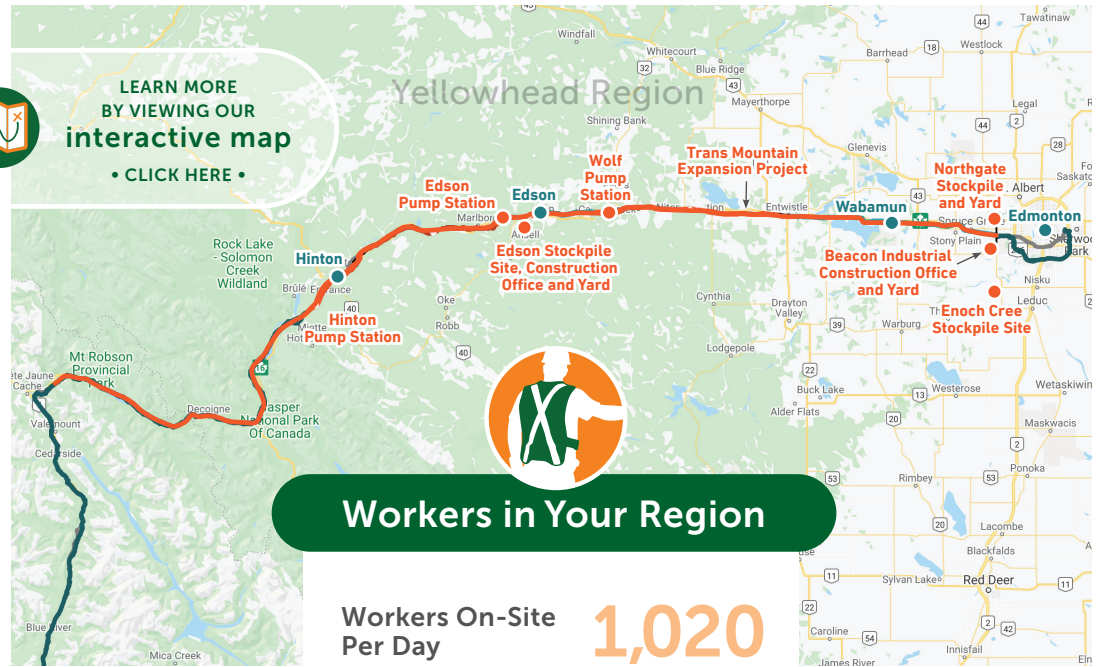

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Construction Inquiries and Topics*

Trans Mountain is committed to
addressing any complaints related
to operations and construction.

Total number
for this Quarter

* Socio-economic topics related
to community impacts only.
Data in this report is reflective
of activities specific to active
construction of the Trans Mountain
Expansion Project. Data does
not reflect Trans Mountain's
ongoing operations and
maintenance or inquiries related
to future construction activities.

† Inquiries from same individual/
household on same topic are
considered same inquiry. May be
multiple inquiries on similar theme.

Sensory
Disturbances

Smoke from slash burning near Fallis.

Trans Mountain is working to ensure compliance with bylaws
and requirements. Trans Mountain will work with stakeholders
to resolve and address such complaints where practical.
The slash pile was moved further away from the residence and
the crew is taking additional measures to reduce the smoke.

COMMITTED TO SAFETY SINCE 1953.
