

Construction related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

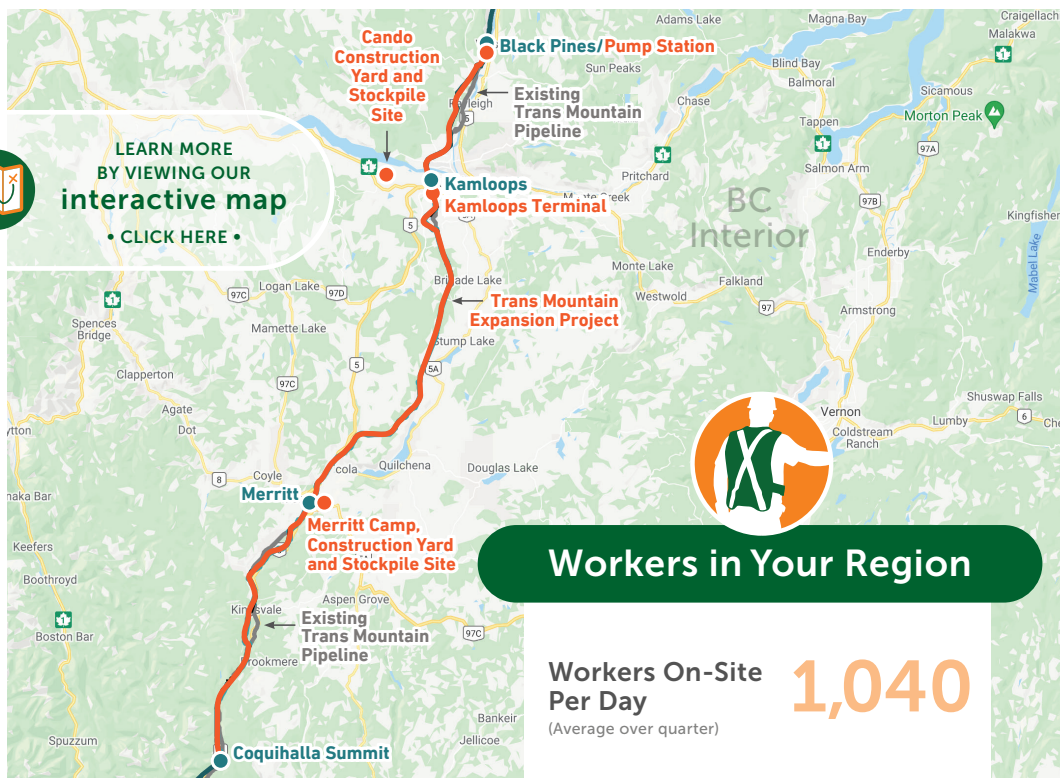

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

for this Quarter

* Socio-economic topics related
to community impacts only.
Data in this report is reflective
of activities specific to
active construction of the
Trans Mountain Expansion
Project. Data does not reflect
Trans Mountain's ongoing
operations and maintenance
or inquiries related to future
construction activities.

† Inquiries from same
individual/household on
same topic are considered
same inquiry. May be multiple
inquiries on similar theme.

Traffic

Speeding near Knutsford. Windshield damage.

Contractors have a Traffic Management Plan addressing public protection measures, access roads/routes to the construction site and Traffic Control Plans for each work zone. Trans Mountain follows up with the contractor to ensure traffic-related requirements are met.

Potential impacts to Coldwater residents from construction using roads.

Trans Mountain will work with Coldwater to develop a communication plan and check-in process related to construction activity.

Residents of Joeyaska IR No. 2 impacted by contractors parking on Sterling Road.

"No parking" signage placed in specified area.

Sensory
Disturbances

Traffic dust and vehicle speed control through Lower Nicola Indian Band community.

Contractor to implement dust control measures and install signage regarding speed control.

COMMITTED TO SAFETY SINCE 1953.
