

Trans Mountain Expansion Project Socio-Economic Monitoring Report - Yellowhead Region

October to December 2020

Introduction

This report presents the quarterly socio-economic monitoring results for the Yellowhead Region related to construction of the Trans Mountain Expansion Project (TMEP or the Project). The monitoring approach and indicators are discussed in detail in the TMEP Socio-Economic Effects Monitoring Plan (SEEMP) approved by the Canadian Energy Regulator (CER) pursuant to CER Condition 13 (see link below). This report presents the Project-specific indicators; these are data that are directly attributable to the Project, reflect the Project's contribution to socio-economic outcomes, and help pinpoint Project actions that may require change. Please refer to Annex 1 - Socio-Economic Context, Yellowhead for the regional context indicators that reflect the broader socio-economic conditions in which Project construction is occurring.

Trans Mountain's first priority has and will always be the health and safety of our workforce, their families and our communities. In response to the evolving COVID-19 pandemic, Trans Mountain and our construction contractors for the Trans Mountain Expansion Project have been working diligently together to ensure adherence to all advice and direction from government and health officials both provincially and federally.

[Socio-Economic Effects Monitoring Plan \(CER Condition 13\)](#)

Project-Specific Indicators

Quantitative Indicators

SEEMP Indicator No.	Indicator	Monthly Total			Quarterly Count	% where applicable	Threshold Triggered? (Y/N)	If Threshold Triggered, Action Taken
		Oct-20	Nov-20	Dec-20				
N/A	Total calendar days of construction work during the reporting cycle	30	24	16	70	N/A	N/A	
	Workers on site per day (average)	673	1220	1152	970	N/A		
1	Number of worker-days in field (categorized in two ways: by geographic origin, and also by Indigenous v. non-Indigenous status) Threshold for Action: Number of non-local/regional workers by region/spread is +/- 20% different than estimated in Worker Accommodation Strategy CER Condition 59							
	Total Worker-days	20196	29270	18430	67896	100%	Y (see Note 1)	Indicator 5 (below) provides updated anticipated work force number (in worker days) in this region for the next business quarter. These numbers are made available through notification of the online posting of this Report to municipal or regional government authorities, health authorities, social services, police, hotel / tourism associations and chambers of commerce.
	a) Worker-days, Local or Regional residents	3575	5758	4083	13416	20%		
	b) Worker-days, Other (workers not Local or Regional residents)	16621	23512	14347	54480	80%		
	c) Indigenous	1988	3062	1859	6909	10%		
	d) Non-Indigenous	18208	26208	16571	60987	90%		
2	Number of worker-days in field (categorized by accommodation arrangements of the workers) Threshold for Action: Less than 75% of non-local/regional workers are staying in camps and qualitative feedback received about adverse issue or concern from local authority or tourism /hotel association representative.							
	Total Worker-days	20196	29270	18430	67896	100%	N	N/A
	a) Worker-days, Local or Regional resident, residing at home	1198	6940	785	8923	13%		
	b) Worker-days, not Local or Regional, not staying in TMEP camps (i.e., staying in local rental, hotel)	18998	22330	17645	58973	87%		
	c) Worker days, not Local or Regional resident, staying in TMEP camps	0	0	0	0	0%		
3	Living out allowance or related stipend Threshold for Action: An increase in the number of worker-days paid (indicator 3a) from the previous reporting cycle and any qualitative feedback received about adverse issues from local authorities or tourism /hotel associations.							
	a) Number of worker-days paid	20745	32220	19203	72168	N/A	N	N/A
	b) Total value (\$)	\$ 3,486,480	\$ 5,159,610	\$ 3,313,225	\$ 11,959,315	N/A		
5	Number of worker-days, in field - anticipated in next business quarter (*projections may be impacted by the safety stand down) Threshold for Action: N/A - this is a forward indicator to assist stakeholders and Indigenous groups in community readiness.							
	a) Jan 2021	N/A			26808*	N/A	N/A	
	b) Feb 2021				23060*			
	c) Mar 2021				20327*			

SEEMP Indicator No.	Indicator	Monthly Total			Quarterly Count	% where applicable	Threshold Triggered? (Y/N)	If Threshold Triggered, Action Taken
		Oct-20	Nov-20	Dec-20				
6	Number of motor vehicle collisions or reportable incidents that involve Project vehicles on public roads during work hours or Contractor-owned vehicles during off-work hours <i>Threshold for Action: No minimum threshold. All incidents/accidents will be investigated.</i>							
	Total	0	0	0	0	N/A	N/A	N/A
	a) Number involving injuries	0	0	0	0	N/A		
	b) Number involving fatalities	0	0	0	0	N/A		
7	Workers transported from staging areas per day (average) <i>Threshold for Action: Number, when calculated as a % of total workers on site (average during the month of the count) is less than 75%.</i>							
	Mid-month count	455	720	488	554	N/A	Y (see Note 2)	The majority of pipeline workers are transported from the staging area via busses to the right-of-way on a daily basis. Some worksites (e.g. pump stations, temporary sites) may not have separate staging areas. Personnel who require a vehicle to complete their tasks are not transported via bus.
	End-month count	518	678	110	435	N/A		
	Average	487	699	299	495	N/A		
8	Personal vehicles in staging area per day (average) <i>Threshold for Action: Number is 10% or more of AADT values at locations nearest to staging yards and qualitative feedback received about adverse traffic volume issues via indicators #11 and #12.</i>							
	Mid-month count	466	651	491	536	N/A	N	N/A
	End-month count	531	745	102	459	N/A		
	Average	499	698	297	498	N/A		
9	Number of times a “captive” Project worker was referred to a local health facility or required emergency medical transport (“Captive” workers = workers on a Project premises, i.e., in camp or on work-site) <i>Threshold for Action: Qualitative feedback from local health authority regarding capacity concerns.</i>							
	a) Total number of times a worker was referred or sent to local health facilities	0	0	0	0	0%	N	N/A
	i. urgent	0	0	0	0	0%		
	ii. non-urgent	0	0	0	0	0%		
	iii. occupational	0	0	0	0	0%		
	iv. non-occupational	0	0	0	0	0%		
	b) Total number of times a worker required ambulance or other emergency transport	0	0	0	0	N/A		
10	Number of medical visits to Project on-site medical facilities <i>Threshold for Action: Number, when calculated as a percentage of average number of workers per month rises from the previous reporting cycle.</i>							
	Total	0	0	0	0	0%	N	N/A
	a) occupational	0	0	0	0	0%		
	b) non-occupational	0	0	0	0	0%		
14	Number of people affected by a notifiable disease in a work camp <i>Threshold for Action: No minimum threshold; all notifiable diseases will be reported to the local health authority</i>							
	Total	0	0	0	0	N/A	N/A	N/A

Qualitative Indicators

SEEMP Indicator No.	Indicator				Threshold Triggered? Y/N	If Threshold Triggered, Action Taken
4	Qualitative feedback about Project use of local/regional commercial accommodation (e.g., hotels, motels, campgrounds) <i>Threshold for Action: Qualitative feedback received about adverse issues from local authorities, tourism/hotel associations or hotels used by Contractor.</i>					
	None				N	N/A
11	Number and types of calls/complaints received through TMEP feedback line (about construction-related social impacts) <i>Threshold for Action: There is no threshold for action as all grievances will be responded to.</i>					
	Month	Number, originating from the region	Common Socio-Economic Impact Themes	Trans Mountain Response	N/A	N/A
	Oct-20	Total: 0 % Indigenous: 0 % Non Indigenous: 0	N/A			
	Nov-20	Total: 1 % Indigenous: 0 % Non-Indigenous: 100	Traffic - Project-related vehicle dangerous driving at near Edson.	Trans Mountain will continue to follow up on traffic-related concerns. Trans Mountain investigated this complaint and the worker in question was disciplined. The contractor also followed up with the community member regarding request for compensation related to cracked windsheid.		
	Dec-20	Total: 1 % Indigenous: 0 % Non-Indigenous: 100	Sensory disturbance - dust and air quality from construction and slash burning near Hinton.	Trans Mountain will follow up on dust and air quality complaints received to confirm their relation to Project activity. Trans Mountain is working to ensure compliance with the requirements in the Environmental Protection Plan. Trans Mountain will work with stakeholders to resolve and address such complaints where practical.		
12	Qualitative feedback themes about community concerns and experienced social effects <i>Threshold for Action: Adverse socio-economic issue or concern from an appropriate government authority or service provider or community organization.</i>					
	None				N	N/A
13	Qualitative feedback themes about effects on the quality and abundance of traditional harvesting resources, or ability of Indigenous people to harvest resources, within the Project footprint <i>Threshold for Action: Qualitative from Indigenous group leader/administrator regarding reports of adverse effects on quality and abundance of traditional harvesting resources, or ability of Indigenous people to harvest their resources or access cultural sites, within the Project footprint.</i>					
	None				N	N/A

Methodology and Notes

- Information in this report was collected through internal sources including labour and incident data from Contractors, TMEP feedback line data, and the review of stakeholder and Indigenous engagement records. Data reflects activity related to TMEP construction only.
- A worker-day is defined as 10 hours of work, by a construction Contractor on-site or in an on-site office.
- The monthly data cut-off is typically the last Saturday of each month; this reporting cycle was September 27, 2020 to December 17, 2020.
- Thresholds are internally assessed on a monthly basis and are considered triggered if a threshold is exceeded for any given month within each quarterly reporting cycle.
- The threshold analysis of Indicator 1 utilizes the estimate of non-local/regional workers estimated in the Worker Accommodation Strategy (WAS) CER Condition 59, based on the corresponding month of construction in an ordered manner. For example, Month 1 predicted in the WAS is compared to Month 1 actual.
- Indicator 11 tallies feedback line calls/queries related to socio-economic impact topics related to TMEP construction activity. Socio-economic topics include: access limitations; road closures; business impacts; pressure on housing/accommodations; burden on infrastructure/services; sensory disturbance; traffic and driving; worker conduct; traditional use and cultural sites.
- Employment and business opportunity and training indicators are monitored and reported through separate processes, as per distinct CER Conditions (CER Condition 107 - Aboriginal, Local and Regional Employment and Business Opportunity Monitoring Reports; and CER Condition 58 - Training and Education Monitoring Reports).
- Individual numbers may be rounded to allow for totals to add up.
- Indicator 5 includes active Construction contractors only.
- Data may be subject to revisions based on updates from Contractors or ongoing quality reviews.

Notes

1. For the threshold analysis for Indicator 1, the estimate of non-local/regional workers estimated in the WAS finished in August 2020. Therefore, as of September 2020 the threshold analysis for Indicator 1 will be N/A.
2. For the threshold analysis for Indicator 7, the average workers transported from staging areas per day (495) is approximately 51% of the average workers on site per day (970).
