Load Window duration

>45 hours

36 to 45 hours

<36 hours

*

*Tide Window does not comply with Section 1.94 of Trans Mountain Pipeline ULC, Petroleum Tariff, Rules and Regulations.

A Load Window may be assigned for those days at Carrier's sole discretion if tidal conditions permit loading of a vessel up to the Shipper's Nominated volume

Load Window assignments may overlap to best utilise all available berths.

Civil Twilight

On this date the Load Window start and/or end is very close to the twilight limit (15 mins)
